

WHY VOLUNTEER?

Environmental volunteering is:

- Fun
- Good for your health and fitness
- A great way to meet like-minded people
- Provides a social atmosphere
- An opportunity to develop and build knowledge and skills
- A hands on way to make a real difference on our coastline
- Excellent networking opportunity
- Looks great on your resume!

What activities are involved?

It's not all about weeding! Volunteer groups along our coast carry out a variety of roles in many different areas. Activities may include:

- Weeding
- Revegetation
- Developing facilities such as walking tracks
- Preventing erosion
- Participating in informative walks
- Monitoring native birds and animals
- Attending meetings and social events.
- And much more!

How often will I need to participate?

The best part about volunteering is that even if you only have one day or a weekend to spare, volunteer groups would love to hear from you!

You can become a regular participant, or help out when and where you can, it's up to you.

GREAT OCEAN ROAD
COAST COMMITTEE

COASTAL VOLUNTEERING IN OUR REGION

The Great Ocean Road Coast Committee is a not-for-profit, community-based organisation that manages 37km of public Crown land and coastline between Torquay and Lorne.

For more information about the Great Ocean Road Coast and volunteer groups in our region, visit our website www.gorcc.com.au.
