PERMISSION TO FILM / PHOTOGRAPH - CONDITIONS

The Great Ocean Road Coast Committee (GORCC) is responsible for management of 37 kilometers of coastal crown land reserves between Torquay and Lorne, along Victoria's Great Ocean Road. GORCC also manages the Torquay Foreshore Caravan Park and Lorne Foreshore Caravan Park, as well as the Port of Lorne.

GORCC is a Crown Land Committee of Management established under the *Crown Land (Reserves) Act, 1978* which is administered by the Minister for Planning. The Act provides the Committee with broad powers to manage land reserved for public purposes on behalf of the Crown.

The Committee was established in 2004 following the amalgamation of individual committees of management in Torquay, Anglesea, Aireys Inlet, Fairhaven and Lorne. The Committee comprises nine skills-based volunteer members and employs 24 staff in the caravan parks, along the reserves and in administration to assist the Committee to fulfill its obligations. The Committee's work is overseen by the Department of Sustainability and Environment.

Tourism is a major economic contributor to the area, and GORCC recognizes the important role that positive promotion through advertising, film and television can play in supporting this vital industry. Accordingly, the Committee welcomes and supports those wishing to film in the area. Fees are set at a minimum to encourage active promotion of the area through these mediums.

The following requirements form part of any Permission to Film / Photograph granted by GORCC:

1. Permission to Film / Photograph must be obtained, and any fees paid, prior to the start of filming or any set up at the location/s.
2. Permission to Film / Photograph only covers those areas directly managed by GORCC. A range of private individuals, firms and public bodies control locations along the Great Ocean Road. Responsibility for contacting and obtaining relevant approvals from these bodies rests with the Producer.
3. Permission to Film / Photograph only covers the specified days and times. Extensions and/or reshooting times must be approved by GORCC prior to commencement.
4. The Producer shall take all steps to ensure public safety and the public's right to reasonable enjoyment of public spaces during filming. Notwithstanding anything else contained in this document, GORCC reserves the right to immediately revoke this Permission to Film / Photograph if it feels public safety or reasonable public enjoyment of public places are being compromised. This Permission to Film / Photograph does not give exclusive use of the Reserves.
5. The Producer shall acknowledge the locations used in his/her productions.
6. GORCC reserves the right to impose such other specific conditions as it deems necessary in particular instances.
7. The area is to be kept clean and tidy, with all areas disturbed being reinstated to the satisfaction of the Foreshore Management.
